We hope that this computerization will accelerate the process of the publication of this Digest.

Any synopsis contained in this publication does not purport to be an analysis of the bill described. It is intended to give only sufficient information concerning the subject matter so that the reader may determine whether he is interested in examining the bill as to its content and effect.

In the opinion of DCCA, portions of the bill qualify as: 1.) a local government organization and structure mandate for which no reimbursement may be provided; 2.) a service mandate for which 50-100% of the increased costs must be provided; 3.) a personnel mandate for which all of the increased costs must be reimbursed. The total cost to local governments could be substantial, but no data is available on which to base a reliable estimate.

(Ch. 108 1/2, par. 1-110 and new par. 1-110a)
Amends General Provisions Article of the Illinois Pension Code to prohibit a fiduciary with respect to a retirement system or pension fund from investing in any firm which has outstanding loans to the Republic of South Africa. Permits the sale of such investments to extend over a period of 3 years. Requires an annual report listing all South Africa-related investments to be filed with the Secretary of the Senate and the Clerk of the House of Representatives.

PENSION IMPACT NOTE
The financial impact of SB-45 cannot be determined. The restriction on investments can be expected to affect the long-term rates of return for the pension funds. If reductions resulted they ultimately would need to be made up through higher employer contributions.

Amends General Provisions Article of the Illinois Pension Code to prohibit a fiduciary with respect to a retirement system from investing in any firm or financial institution which invests in, has any ownership interest in or loan to S. Africa, a corporation organized under the laws of S. Africa, or any company for the purpose of investment in S. Africa until the United Nations certifies that apartheid has been

abolished. Permits such investments to continue for 3 years from effective date of this amendatory Act. Amends Act in relation to State moneys to provide that a bank shall be disqualified as a State depository upon making a loan to S. Africa, a corporation organized under the laws of S. Africa or any company for the purpose of investment in S. Africa and prohibits the State Treasurer from investing State money in any savings and loan association unless the savings and loan pledges not to make any such loan, until apartheid is abolished.

PENSION IMPACT NOTE
The financial impact of SB-0046 cannot be determined. The restrictions on investments can be expected to result in less diversification which could affect long-term rates of return for the pension funds. Any change in the rates of investment return earned by the funds would ultimately affect the level of employer contribution. Significant transaction costs could be involved with the required divestiture.

Centralizes, under the exclusive jurisdiction of the Department of Labor, the process by which prevailing wage rates are determined and by which prevailing-wage-rate determinations are challenged. Currently, public bodies other than the Department may also determine such rates. CONFERENCE COMMITTEE REPORT NO. 1.
Recommends that the House recede from H-am 16.
Deletes reference to: Ch. 122, pars. 10-21.4a, 10-22.4, 21-7.1, 24-12, and 34-85; new pars. 2-3.48, 2-3.49, 2-3.50 and 34-83a; new Art. 24A
Adds reference to: Ch. 122, par. 2-3.12, 2-3.25, 1502-3, 1502-4, 1502-6, 1502-7, new par. 1502-1.1

Recommends that the bill be further amended as follows: Changes the title, deletes everything after the enacting clause and amends the School Code and Article II (school district reorganization) of An Act in relation to educational reform and the financing thereof (Public Act 84-126). Changes the territory included within subregions of educational service regions with a population in excess of 1,000,000. Provides that reorganization plans must be submitted to the State Board of Education by September 30, 1986 instead of June 30, 1986, and extends to January 30, 1987 (from December 10, 1986) the date by which the plan on which the electorate will vote must be submitted. Makes a technical change and clarifies a provision relative to persons eligible to vote when a reorganization plan calls for detachment of certain territory from an existing district. Requires reorganization committees to hold public hearings in each affected school district both prior to and after formulation of the reorganization plan, use educational opportunity as the primary criterion for reorganization, and ensure every school district with grades 9-12 hold courses enabling students to meet public college and university admission requirements. Provides that the proposed reorganization plan required to be submitted to the voters shall set forth the maximum tax rates any proposed new districts are to be authorized to levy for specified school purposes. Provides that districts that fail to hold such courses may not be granted a certificate of recognition by the State Board of Education and, if not corrected after 12 months probation, may not receive Common School Fund moneys. Allows the Regional Superintendent to approve postponement until July 1, 1988 of the effectuation of recommendations in required school building surveys. Effective immediately.

STATE MANDATES ACT MAY REQUIRE REIMBURSEMENT TO LOCAL GOV'TS.

STATE MANDATES ACT FISCAL NOTE
In the opinion of the Dept. of Commerce and Community Affairs, SB-394 constitutes a tax exemption mandate for which reimbursement of the revenue loss to local governments is required. Although data is not available on which to base reliable estimate of the amount of such reimbursement, the cost could be substantial.

SENATE AMENDMENT NO. 2.

Specifies that provisions including taxes added to customers' bills within the definition of gross receipts are subject to the exclusions provided in the amendatory Act. Amends the State Mandates Act to provide that no reimbursement under that Act shall be required.

STATE MANDATES ACT FISCAL NOTE, IN THE HOUSE
In the opinion of DCCA, SB-394, in the House constitutes a tax exemption mandate for which reimbursement of the revenue loss to local governments would normally be required. However, SB-394 amends the State Mandates Act to relieve the State of reimbursement liability. Although data is not available on which to base a reliable estimate of the amount of reimbursement required, the cost could be substantial.

STATE MANDATES ACT MAY REQUIRE REIMBURSEMENT TO LOCAL GOV'TS.
STATE MANDATES ACT FISCAL NOTE

In the opinion of the Department of Commerce and Community Affairs, SB-485 constitutes a mandate for which reimbursement of the revenue loss to local governments would normally be required under the State Mandates Act. However, SB-485 amends the Mandates Act to exempt this Bill from that Act. The amount of local government revenue loss caused by SB-485 is substantial, but it cannot be estimated due to the uncertain factors involved.

(Ch. 24, new par. 8-11-8.1; Ch. 34, new par. 409.15a; Ch. 85, new par. 2208.10)

Amends the Illinois Municipal Code, the Counties Act and the State Mandates Act. Prohibits municipalities and counties that are home rule units from using their home rule powers to impose a tax on the sale, purchase, transfer of possession or use of an automobile which is purchased by a person engaged in the business of automobile renting and is used for such purpose. Exempts the State from any reimbursement requirements under the State Mandates Act. Effective immediately.

STATE MANDATES ACT MAY REQUIRE REIMBURSEMENT TO LOCAL GOV'TS.
STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, SB-2057 creates a Tax Exemption Mandate under Section 3 (g) of the State Mandates Act. Pursuant to the State Mandates Act, additional costs to units of local government created by a Tax Exemption Mandate are 100% reimbursable by the state. The additional costs to units of local government created by SB-2057, which would be reimbursable by the State, will amount to approximately $1.5 million; however, SB-2057 amends the State Mandates Act to relieve the State of any reimbursement requirement.

1 Fiscal Note Act may be applicable.

In the opinion of the Dept. of Commerce and Community Affairs, HB-68 fails to meet the definition of a mandate.

HOUSE AMENDMENT NO. 4.
Provides that when a public contract other than a contract for the repair, remodeling, renovation, or construction of a building or structure or for the construction or maintenance of a highway, bridge, dam or utility, is to be awarded to the lowest responsible bidder the contract must be awarded to the lowest responsible resident bidder where either: its bid is equal to that of a responsible nonresident bidder, or it has submitted a bid which is no more than 5% greater than that of the lowest responsible nonresident bidder who otherwise would be awarded the contract, and, after being given an opportunity to examine the bid of the lowest bidder, lowers its bid to match or underbid the lowest responsible nonresident bidder.

3 Fiscal Note Act and Pension System Impact Note Act may be applicable.
FISCAL NOTE, AS AMENDED
(Prepared by Dept. of Central Management Services)

Anticipating raised prices by IL bidders due to fewer major competitors, it is estimated that HB-68 would add $11.3 to $18.8 million to the cost of these competitively purchased goods and services. The bill would also decrease IL income tax receipts by an indeterminable amount. It is also estimated that 3 additional Dept. employees would be required. Estimated cost during first year of enactment is $142,152.

  (Ch. 67 1/2, par. 617; Ch. 120, pars. 2-201 and 2-203)

Amends the Illinois Enterprise Zone Act and the Illinois Income Tax Act. Deletes provision which grants a corporation a deduction for contributions to designated zone organizations. Provides that the corporation may get a credit against the income tax for such contributions equal to 50% of the amount of each contribution. Effective July 1, 1985 and applicable for contributions made on and after January 1, 1986.

HOUSE AMENDMENT NO. 1.

Provides that the total of all actual credits against the IL income tax for the contributions to designated zone organizations approved by the Dept. of Commerce and Community Affairs shall not exceed 1,000,000 in any calendar year.

FISCAL NOTE, AS AMENDED

(Prepared by Dept. of Revenue)

The Dept. would estimate that the income tax revenue loss from HB-132 could be minimal given that for all existing zones only one contribution has been approved to date, for $35 donation. However, because tax credits are subtracted from actual tax amount an individual must pay, they result in greater revenue losses than a deduction which is subtracted from gross income earned before tax liability. Income tax revenues will be reduced to the extent that the 12.5 fold increase under HB-132 in the value of the incentive is utilized.

1 Fiscal Note Act may be applicable.
SENATE AMENDMENT NO. 1.

Deletes reference to: (Ch. 67 1/2, par. 617; Ch. 120, pars. 2-201 and 2-103)
Adds reference to: (Ch. 67 1/2, pars. 604 and 608)

Deletes title and everything after the enacting clause. Amends the Illinois Enterprise Zone Act to permit an area which both comprises all or part of a municipality and an unincorporated area of a county to become an enterprise zone. Also permits the Department of Commerce and Community Affairs to designate up to 6 additional enterprise zones outside the regular application cycle if warranted by extreme economic circumstances as determined by the Department. Adds an immediate effective date to the bill.

SENATE AMENDMENT NO. 2.

Adds reference to: (Ch. 67 1/2, pars. 605; Ch. 111 2/3, par. 355.01)

Amends the Illinois Enterprise Zone Act and the Local Mass Transit District Act. Provides that no county or municipality located within the Metro East Mass Transit District which adopts an ordinance designating an area within the District as an Enterprise Zone shall provide for any exemptions, deduction, credit, refunds or abatement of any sales taxes imposed by the Metro East Mass Transit District Board of Trustees under the Local Mass Transit District Act.

In the opinion of the Dept. of Commerce and Community Affairs, HB-165 constitutes a retirement benefit mandate for which reimbursement to local governments is required. The estimated annual cost is minimal. It should be noted that if the G.A. finds that HB-165 imposes additional annual net costs of less than $50,000 in the aggregate for all local gov'ts. affected, and this is explicitly stated in the bill, no reimbursement is required.

(Ch. 108 1/2, par. 1-110; Ch. 130, pars. 26, 34 and 41a)

Amends General Provisions Article of the Illinois Pension Code to prohibit a fiduciary with respect to a retirement system from investing in a financial institution which has outstanding loans to South Africa or its instrumentalities and from allowing assets to remain invested in the obligations of any company doing business in or with South Africa. Amends Act in relation to state moneys to require the State Treasurer to reject the proposal of and to disqualify as a State depository any bank which has in effect a loan to South Africa or its instrumentalities or to any company doing business in or with South Africa. Prohibits the State Treasurer from investing in any savings and loan association until the association pledges not to make such a loan.

PENSION IMPACT NOTE
The restrictions on investments in HB-285 can be expected to result in less diversification, higher risks, and lower long-term rates of return for the pension funds affected. Any reduction in the rates of investment return earned by the funds would ultimately need to be made up through higher employment contributions. Significant transaction costs would be involved with the required divestiture.

1 Fiscal Note Act may be applicable.
Amends General Provisions Article of the Illinois Pension Code to prohibit a fiduciary with respect to a retirement system from investing on or after the effective date of this amendatory Act in any firm or financial institution which invests in, has any ownership interest in or loan to S. Africa, a corporation organized under the laws of S. Africa, or any company for the purpose of investment in S. Africa until the United Nations certifies that apartheid has been abolished. Permits such investments in existence on the effective date of this amendatory Act to continue for 5 years. Amends Act in relation to State moneys to provide that a bank shall be disqualified as a State depository upon making a loan to S. Africa, a corporation organized under the laws of S. Africa or any company for the purpose of investment in S. Africa and prohibits the State Treasurer from investing State money in any savings and loan association unless the savings and loan pledges not to make any such loan, until apartheid is abolished.

PENSION IMPACT NOTE

The financial impact of House Bill 317 cannot be determined. The restrictions on investments in HB-317 can be expected to result in less diversification, higher risks, and lower long-term rates of return for the pension funds affected. Any reduction in the rates of investment return earned by the funds would ultimately need to be made up through higher employment contributions. Significant transaction costs would be involved with the required divestiture.

FISCAL IMPACT NOTE

(Prepared by Ill. Economic & Fiscal Commission)

The fiscal impact of HB 317 cannot be determined.

Provides that where the court has reason to believe that either side has been exercising its peremptory challenges in a systematic and purposeful manner in order to exclude prospective jurors of any particular race, the court on its own motion may require that side to show that its use of peremptory challenges was not exercised for the purpose of excluding prospective jurors solely on the basis of their race. 2 Pension System Impact Note Act may be applicable.
Amends the Workers' Compensation Act. Bases the determination of the denominator to be used in calculating the average weekly wage of an employee who had been employed at the job at which he was injured for 52 weeks as of the last day of the last full pay period immediately preceding the date of his injury, illness or disablement on whether the employee lost 5 or more complete work days, rather than calendar days, during such 52-week period. Further provides that the average weekly wage shall be reduced to 80% of the figure which the average-weekly-wage formula would otherwise have produced where the employee lost more than 52 days during the period examined to determine his average weekly wage.

in work of a similar nature on public works. Expands the area generally constituting
a locality from the county in which the physical work upon public works is to be per-
formed to the area from which the public body may reasonably expect to generally
draw laborers, workers and mechanics to perform such work, and makes other
changes related to such expansion. Centralizes, under the exclusive jurisdiction of
the Department of Labor, the process by which prevailing wage rates are deter-
mined and by which prevailing-wage-rate determinations are challenged. Currently,

1  Fiscal Note Act may be applicable.
HB-1149 NASH, DELEO, RONAN AND MCAULIFFE.

Amends the Illinois Pension Code to increase the retirement, disability and survivor's benefits, and associated contribution rates, of salaried elected local governmental officials, to bring them into essential conformity with the benefits and contribution rates provided for members of the General Assembly; also provides a retirement pension for a disabled deputy sheriff with between 20 and 23 years of service credit who has exhausted his disability benefits. Amends The State Mandates Act to require implementation without reimbursement. Effective January 1, 1986.

STATE MANDATES ACT FISCAL NOTE

HB 1149 creates a retirement benefit mandate for which reimbursement of the increased cost of a unit of local government would normally be required. However, HB 1149 amends the State Mandate Act to relieve the State of reimbursement liability. Due to the nature of the bill, no estimate is available, but the cost would be substantial.

PENSION IMPACT NOTE

Although the costs of HB-1149 in relation to the total costs of the retirement system would not be great, the employer costs for the individuals affected would be very significant, with the increase in annual costs amounting to as much as 35% of the member's salary.

3 HB-1150 LEFLORE - TURNER - FLOWERS - ALEXANDER - BRAUN, WHITE, BULLOCK, WASHINGTON, HUFF, SOLIZ, SHAW, YOUNGE, W, YOUNG, A, BROOKINS AND RICE.

3 Fiscal Note Act and Pension System Impact Note Act may be applicable.
PENSION IMPACT NOTE

(Ch. 120, par. 1901)
Amends the State Collection of Local Taxes Act. Eliminates language requiring the Department of Revenue to make monthly certifications to the Comptroller of “the disbursement of stated sums of money to named cities and counties from which retailers have paid taxes or penalties hereunder to the Department during the second preceding calendar month.” Specifies amounts to be paid each month to counties and municipalities pursuant to the Act shall be based on taxes collected by the Department during the second month preceding the month in which the amounts are certified by the Department to the Comptroller.

taxes collected on behalf of municipalities and counties. Provides that such install-
ments shall be deducted from amounts payable on or after the 25th day of each
month.

HOUSE AMENDMENT NO. 5.

nicipalities and counties which received more than $500,000 in sales tax revenues in
the preceding year.

FISCAL NOTE, AS AMENDED
(Prepared by Dept. of Revenue)

Provides that the disbursement shall be made on March 31, rather than January
31. Adds a January 1, 1987 effective date.

(New Act)

Creates the Urban Civilian Youth Service which shall report on urban youth unemployment and design a work program. Effective July 1, 1985.

FISCAL NOTE

(Prepared by DCCA)

The fiscal impact of HB-1699 is $150,000 as a one-time cost for the preparation of the report called for in the bill and $60,000 annually for administration of the Urban Civilian Youth Act. Although it is impossible to determine until the study called for in the bill is complete, it is conceivable that training would be a component of a "suitable work program" called for in the bill. At this time, however, it is impossible to estimate those costs.

HOUSE AMENDMENT NO. 1.

Deletes reference to: Ch. 23, par. 4-1.6

Adds reference to: Ch. 23, par. 9-8

Deletes everything. Amends the Public Aid Code. Permits the Department of Public Aid to provide supplemental work incentive payments to recipients of aid to families with dependent children whose earned income has caused a federal disqualification for such aid and has caused an extension of medical assistance. Limits provision to a 2-year demonstration project beginning in 1987.

FISCAL NOTE, AS AMENDED

(Prepared by IL Dept. of Public Aid)

An average of 900 former AFDC recipients currently receive the automatic 9-month extended Medicaid coverage. The average monthly AFDC grant for an earned income case during the first four months of the $30 and 1/3 disregard is approximately $279. If these 900 former cases again became eligible for cash assistance payments, the annual costs for the demonstration program would be approximately $3 million. These expenditures would be State costs as they are not eligible for federal matching funds.

3 HB-2756 KUBIK.

(Ch. 108 1/2, par. 17-122; Ch. 85, new par. 2208.10)

Amends the Chicago Teachers Article of the Pension Code to raise the minimum survivor's and children's pensions from $40 per month to 50% of the deceased teacher's earned retirement pension. Amends The State Mandates Act to require implementation without reimbursement. Effective January 1, 1987.

1 Fiscal Note Act may be applicable.
3 Fiscal Note Act and Pension System Impact Note Act may be applicable.
Amends the Revenue Act of 1939 to provide that, beginning on January 1, 1987, the equalized assessed value of real property on which demonstration homes have been constructed after the effective date of this amendatory Act shall be the same as prior to construction or rezoning for construction until such demonstration home is sold or occupied as a dwelling. Requires owner to give notice of any change which makes the Section inapplicable. Effective immediately.

In the opinion of the Department of Commerce and Community Affairs, HB 2757 creates a tax exemption mandate for which reimbursement is required under the State Mandates Act. The additional costs to units of local government is expected to be at least $98,000 statewide.

SENATE AMENDMENT NO. 1.
Limits application of the Section to 10 years for any parcel of real property.

SENATE AMENDMENT NO. 2.
Limits special model home assessment treatment to 3 within a 10-square-mile area and requires notification of the assessor by a taxpayer.

In the opinion of DCCA, HB-2757, as amended, creates a tax exemption mandate for which reimbursement of the revenue loss to local governmental units is required. The estimated annual cost is indeterminable due to data limitations; however, if the bill imposes less than $50,000 in the aggregate, no reimbursement would be required.

GOVERNOR AMENDATORY VETO
Recommends changing provisions relating to notification of assessor to require annual notification of the assessor by the taxpayer.
