STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB-14 creates a retirement benefit mandate for which reimbursement of the increased cost to a unit of local government would normally be required under the State Mandates Act. However, HB-14 amends the State Mandates Act to relieve the State of reimbursement liability. The estimated annual cost created by the bill is $1.1 million.

Fiscal Note Act may be applicable.
Amends the Code of Criminal Procedure of 1963. Provides that where the court has reason to believe that either side has been exercising its peremptory challenges in a systematic and purposeful manner in order to exclude prospective jurors of any particular race, the court on its own motion may require that side to show that its use of peremptory challenges was not exercised for the purpose of excluding prospective jurors solely on the basis of their race. The party of whom the court is inquiring shall be required to explain its reasons for excluding the prospective jurors it has peremptorily challenged and such explanation shall become part of the court record. If the court finds that the peremptory challenges were so exercised to systematically and purposefully exclude members of any particular race and prospective jurors of that particular race were excluded solely because of their race, the court shall dismiss the jury panel and order another impanelled.

HOUSE AMENDMENT NO. 2.

Amends same Section to provide that whenever the State or the defendant has reason to believe that peremptory challenges have been used or are being used to remove members from the group of jurors or prospective jurors solely on the basis of race, the State or defendant may demand a hearing on the question. Establishes factors to be considered at such hearing. Permits the court to reinstate all prospective jurors who have been dismissed on account of race or upon motion of the party aggrieved by the discriminatory use of peremptory challenges to dismiss the case without prejudice if it is not established that there were racially neutral uses of peremptory challenges.

Amends the Health Finance Reform Act to provide that the Department of Public Aid, in negotiating contracts for reimbursement for services provided to recipients of public aid, shall negotiate separate contracts with trauma centers designated to provide trauma care and emergency services to children. Provides that the Hospital Services Procurement Advisory Board shall review and comment, prior to promulgation, on the methodology for calculating rates for such reimbursement. Creates the Child Trauma and Critical Care Fund from which such reimbursement shall be made. Amends the State finance Act to designate the Child Trauma and Critical Care Fund as a special fund in the State Treasury. Effective immediately.

**FISCAL NOTE** (Prepared by IL Dept. of Public Aid)
If the volume of child trauma care equals 10,000 to 20,000 days of care annually, the minimum annual cost of HB 389 is $5 to $10 million. Those estimates are low, however, because the proposal would also vastly increase the Department’s spending for all other inpatient emergency care. The real and long-term costs of taking this care out of the negotiation process, however, will be larger.

1 Fiscal Note Act may be applicable.
Amends the Public Aid Code to require governmental units administering general assistance programs to assist homeless persons in obtaining shelter and to pay for such shelter by vendor payments. Amends the Housing Authorities Act to require housing authorities to operate housing placement services to place homeless persons in vacant housing units. Requires the Department of Commerce and Community Affairs to coordinate such placement services throughout the State. STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB-968 creates a service mandate for which reimbursement of 50% to 100% of the increased cost to units of local government is required. Due to the nature of the bill, no estimate of the amount of reimbursement required is available, but it could be substantial.

FISCAL NOTE (Prepared by Dept. of Public Aid)
No additional costs to DPA are anticipated.

HOUSE AMENDMENT NO. 4.

Provides that housing authorities shall locate vacant housing units for which homeless persons may qualify, rather than place such persons in housing, and that General Assistance under the Public Aid Code shall include assistance in locating available, rather than securing, housing.

HB-1411   GREIMAN – KEANE – TURNER – BOWMAN – CURRIE, MCGANN, LEFLORE, MORROW, MARTINEZ AND FLOWERS.

(Ch. 120, new pars. 643f and 643g)

Adds to the Revenue Act of 1939. Allows taxing districts to abate taxes on property acquired by tax sale if the property is improved with a multifamily residential structure used exclusively for low income housing; taxes may be abated for 10 years, but the total taxes abated cannot exceed the amount invested for rehabilitating major building systems and eliminating violations of local building, health and safety codes. Also allows abatement of taxes on property acquired by tax sale if the property is improved with a multifamily residential structure and the owner is an incorporated tenant association that the taxing district is satisfied has the ability to manage the property or is an incorporated non-profit organization or mutual housing association if the taxing district is satisfied that the tenants are genuinely interested in or committed to managing or purchasing the property; taxes may be abated for 5 years.

HOUSE AMENDMENT NO. 1.

Allows for abatement of taxes when property is acquired from the county after tax foreclosure or from the county or a municipality after its acquisition through foreclosure of a lien or acceptance of a deed in lieu of foreclosure. Limits abatements if the owner of the property owns or controls more than 500 units upon which abatements have been granted. Defines “owns or controls”.

SENATE AMENDMENT NO. 1.

Defines “low income” by reference to Section 3(b)(2) of the U. S. Housing Act of 1937. To qualify for an abatement, property must be used for the housing of families, at least 50% of whom shall be low income families.
SENATE AMENDMENT NO. 2.
Excludes passive investors from the definition of “owns or controls”. Adds severability provisions.

HB-1412 GREIMAN – TURNER – KEANE – BOWMAN – CURRIE, BRAUN, MARTINEZ, MORROW, LEFLORE AND FLOWERS.
(Ch. 120, pars. 697a and 697e)
Amends the Revenue Act of 1939. During the pendency of a tax foreclosure proceeding, the court is required, rather than permitted, to appoint a receiver in certain situations. New grounds for appointing a receiver are when violations of local building, health or safety codes render the premises dangerous or hazardous or when taxes on the property are delinquent for 3 years or more. Provides that when a municipality acquires property through foreclosure of a receivership certificate, then back property taxes are extinguished.
HOUSE AMENDMENT NO. 1.
Adds reference to: Ch. 120, pars. 716a and 734a
Reduces the scavenger sale delinquency period from 5 to 2 years. Eliminates the change that would have required, rather than permitted, the appointment of a receiver in certain situations during the pendency of tax foreclosure proceedings. Allows a receiver to be appointed during the pendency of proceedings when taxes are delinquent for 2, rather than 3, years or more. Allows a receiver to be appointed after a tax sale if an ordinance violation is pending or if taxes are delinquent for 2 years or more. Allows a receiver to correct conditions to conform to local health and safety standards, rather than for the immediate safety of the property or public. Makes technical corrections.

HOUSE AMENDMENT NO. 2.
Provides for the extinguishment of back property taxes when a municipality acquires property through foreclosure of a repair lien authorized pursuant to the Municipal Code.

HOUSE AMENDMENT NO. 3.
Provides that if a county or municipality acquires property improved with a multifamily residential structure through lien foreclosure, deed in lieu of foreclosure, or tax sale, then the county or municipality may not sell or dispose of the property without first offering the property upon the same terms and conditions to the following in the order of priority listed: an incorporated tenant association, a chartered block club, a mutual housing association or a non-profit organization. Provides for notice of the offer. Requires the county or municipality to be satisfied that the group has the ability to manage the property and provide responsible ownership.

SENATE AMENDMENT NO. 1. (Receded from June 30, 1987)
Eliminates the right of first refusal in tenant groups and non-profit organizations. Provides instead that multifamily residential property acquired by a county or municipality and upon which taxes have become null and void pursuant to statute shall be sold subject to a condition that it be used for low or moderate income housing for 10 years.

SENATE AMENDMENT NO. 2. (Receded from June 30, 1987)
Provides that property is to be made available for sale or disposition (rather than offered) subject to its being used for low or moderate income housing for 10 years. Makes the notice requirements permissive rather than mandatory. Adds severability provisions.

CONFERENCE COMMITTEE REPORT NO. 1.
Recommends that the Senate recede from S-ams 1 and 2. Recommends that the bill be further amended as follows: Eliminates right of first refusal in certain tenant or non-profit organizations and provides that the reduction of the delinquency period from 5 to 2 years on scavenger sales applies on and after July 1, 1988. Effective immediately.

 Creates the Illinois Comparative Fault Act to allocate the responsibility of bearing or paying damages in actions brought on account of death, bodily injury or physical damage to property according to the fault of the persons who proximately caused such damage. Provides that a plaintiff whose fault exceeds the aggregate fault of all other persons who caused the damage is barred from recovery. A plaintiff whose fault does not exceed the aggregate fault of all other persons will not be barred from recovery, but his damages will be reduced according to his proportionate fault. FISCAL NOTE, AS AMENDED (Prepared by IL State Board of Education)

There would be very little, if any fiscal impact to the State. To try to calculate the impact this legislation would have on the General State Aid would be impossible at this time. This would only affect, in terms of State aid, three school districts.

In the opinion of DCCA, HB-2006 constitutes a service mandate for which reimbursement of 50% to 100% of the increased cost to units of local government is required. Due to the nature of the bill, no estimate of the amount of reimbursement required is available, but it could be substantial.
