TWENTY-NINTH ANNUAL REPORT OF THE ILLINOIS STATE BOARD OF DENTAL EXAMINERS.

To His Excellency, Charles S. Deneen, Governor of the State of Illinois:

HONORED SIR—In compliance with the law, I have the honor to present the following Annual Report of the Illinois State Board of Dental Examiners for the year ending December 15th, 1910, it being the twenty-ninth annual report since the passage of the first dental law in this State.

The board has held three meetings during the year 1910. One in Springfield and two in Chicago.

The first meeting was a special meeting, held at Springfield May 17th, and was attended by all the members of the board. No examination was held at this meeting.

The second meeting of the board convened in Chicago June 13th, and one hundred and twelve applicants presented themselves for examination. One hundred and five successfully passed the examination and were granted licenses to practice in the State of Illinois.

The third meeting of the board was held in Chicago November 7th, 1910. This was the regular annual meeting of the board and the following officers were elected for the ensuing year: Chas. P. Pruyn, President; T. A. Broadbent, Secretary-Treasurer. Twenty-one applicants presented themselves for examination and all passed but one. There was no business of any particular importance transacted outside of the routine business of the board, except the amending of the rules, a complete copy of which you will find herewith attached.

Since the new law went into effect, July 1st, 1909, we have succeeded in establishing reciprocity with the following states: Indiana, Iowa, Kansas, Michigan, Nebraska, Ohio and Wisconsin.
I herewith submit the following financial report of the board for the year ending December 15th, 1910:

STATE LAW GOVERNING THE PRACTICE OF DENTAL SURGERY.

SECTION 1. Be it enacted by the People of the State of Illinois represented in the General Assembly: That a board of examiners, to consist of five practicing dentists, to be known as the Illinois State Board of Dental Examiners, is hereby created, whose duty it shall be to carry out the purposes and enforce the provisions of this Act, as hereinafter specified. The members of said board shall be appointed by the Governor, and at the time of their appointment upon said board, must be actual residents of the State and must have been, for a period of five years, or more, legally licensed to practice dentistry or dental surgery in this State: Provided, however, that no person shall be eligible to appointment to said board who is in any way connected with or interested in any dental college or dental department of any institution of learning. The term for which the members of said board shall hold office shall be five years: Provided, that the members of the dental board, in office at time of the passage of this Act, shall be permitted to serve out their respective terms of office for which they were appointed, and until their successors shall be duly appointed. In case of a vacancy occurring on said board, such vacancy shall be filled by the Governor, as herein provided.

§ 2. Said board shall choose one of its members president and one secretary thereof, and it shall meet at least once in each year, and oftener if necessary, in the discretion of the board, and at such times and places as it may deem proper. A majority of the members of said board shall, at all times, constitute a quorum, for the transaction of the business of the board, and the proceedings thereof shall, at all reasonable times, be open to public inspection.

§ 3. No person, unless previously registered or licensed to practice dentistry in this State at the time this Act shall become operative, shall begin the practice of dentistry or dental surgery, or any branches thereof, without first applying for and obtaining a license for such purpose from the Illinois State Board of Dental Examiners. Application shall be made to said board in writing, and shall, in every instance, be accompanied by the examination fee of twenty dollars ($20), together with satisfactory proof that the applicant is of good moral character and twenty-one years of age or over at the time of making the application. Application from a candidate who desires to secure a license from said board to practice dentistry or dental surgery in this State shall be accompanied by satisfactory proof that the applicant so applying for a license has been engaged in the actual, legal and lawful practice of dentistry or dental surgery in some other state or country for five consecutive years just prior to application; or is a graduate of and has a diploma from the faculty of a reputable dental college, school or dental department of a reputable university; or is a graduate of and has a diploma from the faculty of a reputable medical college or medical department of a reputable university, and possesses the necessary
qualifications prescribed by the board. When such application and the accompanying proof are found satisfactory, the board shall notify the applicant to appear before it for examination at a time and place to be fixed by the board. Examination may be made in whole or in part, orally or in writing, at the discretion of the board, and shall be of a character as to test the qualifications of the applicant to practice dentistry or dental surgery. All examinations provided for in this Act shall be conducted by the board, which shall provide for a fair and wholly impartial method.

§ 4. Said Board of Dental Examiners shall make rules or regulations to establish a uniform and reasonable standard of educational requirements to be observed by dental schools, colleges or dental departments of universities, and said board may determine the reputability of those by reference to their compliance with said rules or regulations.

§ 5. Any person shall be regarded as practicing dentistry or dental surgery within the meaning of this Act, who shall treat, or profess to treat any of the diseases of lesions of human teeth or jaws, or extract teeth, or shall prepare and fill cavities in human teeth, or correct the malposition of teeth, or supply artificial teeth as substitutes for natural teeth Provided, that nothing in this Act shall be so construed as to prevent regularly licensed physicians or surgeons from extracting teeth: Further, this Act shall not prevent students from performing dental operations under the supervision of competent instructors within a dental school, college or dental department of a university recognized as reputable by the Illinois State Board of Dental Examiners.

§ 6. Any person licensed to practice dentistry or dental surgery in this State by the Illinois State Board of Dental Examiners, as hereinbefore provided, shall personally and within ninety days from date of issue, cause such license to be registered with the county clerk of such county or counties in which such person desires to engage in the practice of dentistry or dental surgery, and the county clerks of the several counties of this State shall charge for registering such license a fee of twenty-five cents (25¢) for each registration. And it is hereby provided further, that every person who engages in the practice of dentistry or dental surgery in this State shall cause his or her license to be registered with the county clerk before beginning the practice of dentistry in said county, and to be, at all times, displayed in a conspicuous place, in his or her office wherein he or she shall practice such profession, and shall further, whenever requested, exhibit such license to any of the members of the said board or its authorized agent.

§ 7. The board may refuse to issue the license provided for in this Act, or may revoke any license now in force or that shall be hereafter given, if issued to individuals who have, by false or fraudulent representations, obtained or sought to obtain practice, or by false or fraudulent representations obtained or sought to obtain money or any other thing of value, or have practiced under names other than their own, or for any other dishonorable conduct. The board, when written charges have been filed with its secretary, and seem sustained by proof, shall fix a time and place for the examination of a person so charged and shall give written notice to the said person of the time and place and furnish him with a copy of the charges, at least twenty days prior to the date fixed for the examination.

§ 8. Any failure, neglect or refusal on the part of any person obtaining a license to practice dentistry or dental surgery from the said board, to register such license with the county clerk of some county in this State, as above directed, within ninety days from the date of issue of the same, shall work a forfeiture of such license, and no license when once forfeited shall be restored, except upon payment to the said board of the sum of fifteen dollars ($15), for such neglect, failure or refusal to register such license and the surrender of forfeited license.

§ 9. In order to provide the means for carrying out and enforcing the provisions of this Act, the said Board shall charge each person applying
to it for examination for a license to practice dentistry or dental surgery in this State, an examination fee of twenty dollars ($20), and in addition thereto, a license fee of five dollars ($5), for every license or duplicate license issued by said board, and out of the funds coming into the possession of the board under the provisions of this Act, the members of the said board shall each receive as compensation the sum of ten dollars ($10), for each day actually engaged in the duties of the office and all legitimate and necessary expense incurred in attending the meetings of the said board: Provided, that the secretary of the board, for the purpose of enforcing the provisions of this Act shall receive a salary to be fixed by the board, instead of the per diem of ten dollars ($10). All expenses shall be paid from the fees, fines and penalties received and recovered by the board under the provisions of this Act: Provided, that no part of said expense shall be paid out of the State treasury. All moneys received in excess of said per diem allowance and other expenses herein provided shall be held by the secretary of the said board as a special fund for meeting expenses of said board, and said board shall make an annual report of its proceedings to the Governor by the 15th day of December of each year, together with an account of all moneys received and disbursed by them pursuant to this Act.

§ 10. Any person filing or attempting to file as his own the diploma or license of another, or a forged affidavit of identification, or qualification, shall be deemed guilty of a felony, and upon conviction thereof, shall be subject to such fine and imprisonment as is made and provided by the statutes of this State for the crime of forgery.

The examinations shall be written or oral in the English language on the following subjects: Physiology, Oral Surgery, Pathology, Prosthetic Dentistry, Metallurgy, Orthodontia, Histology, Embryology, Anatomy, Materia Medica, Operative Dentistry, Therapeutics, Bacteriology, Chemistry, Anesthesia.

Rule V.

Practical Operative Dentistry.—Each candidate must furnish his own patient, also an engine, all instruments and materials. A chair will be provided. The board will select all cavities, and such cavities must be prepared in the presence of the board. At least one gold and one amalgam filling will be required. The board, at its discretion, may substitute an additional gold filling instead of an amalgam.

Rule VI.

Practical Prosthetic Dentistry.—Applicants will be required to furnish plaster case for a full denture (both jaws) from impressions taken from the same mouth, together with the bite, mounted upon an anatomical articulator, and the work continued to the point of readiness for trial in the mouth.
The applicant will also be required to construct a porcelain faced crown in the presence of the board, and must furnish all instruments and materials.

The board, at its discretion, may change the requirements under Rule VI, substituting other pieces.

**MISCELLANEOUS RULES.**

**Rule VII.**

To obtain a license an applicant must have an average of at least seventy-five per cent in the theoretical branches of the examination.

If the applicant falls below seventy-five per cent in Clinical Operative or Prosthetic Dentistry, the candidate shall fail to pass; should he fail in either one or both of these, he may appear not later than the second regular meeting of the board next following, and be examined without charge.

No fee will be returned to a candidate after he has filed his application and entered upon the examination.

**Rule VIII.**

The law makes no provision for temporary permits to practice.

**Rule IX.**

All written examinations shall be on paper furnished by the board.

**Rule X.**

At the opening of the examinations the applicant will be furnished with an envelope containing a card with a number. The applicant will write his or her name upon this card, seal the envelope and use this number on all examination papers. The sealed envelopes will, at the conclusion of the written examination, be handed to the secretary, and not opened until all papers are graded.

**Rule XI.**

Any candidate detected in trying to give or obtain aid shall be dismissed from the room, and his or her paper for the entire work rejected.

**Rule XII.**

Handwriting of candidates must be legible, and spelling and use of correct language will be taken into account in making up the rating on the answers.

**Rule XIII.**

The Board of Examiners shall begin their inspection of the answers submitted by the candidates immediately after the close of the examination, and shall complete the same with promptness and dispatch. A correct set of answers to the questions of any one paper shall entitle the candidate to the full mark of that subject, viz.: One hundred points. Partial or imperfect answers shall be rated by the examiners in accordance with their degree of fullness and correctness.

**Rule XIV.**

Applicants are expected to be promptly on time at place of examination.
Rule XV.

Heed strictly all directions on the question papers and read the questions very carefully. Do not give information that is not asked for.

Rule XVI.

Write answers in the order of the questions. Do not copy the questions, but write the numbers of each question in Roman numerals in the center of page before the answer.

Rule XVII.

Papers containing the questions must be returned intact with the answers.
Supplemental Requirements and Instructions Governing the Clinical Prosthetic Procedures Relating to Rule VI.

In view of recent closer study and improvement in the management and arrangement of the occluding surfaces of artificial teeth, whereby the greatest masticating efficiency can be attained, the board deems it a duty to require of those who are to serve the people of the State a good working knowledge of the most approved methods of construction of artificial dentures.

To these ends and to approximate as nearly as possible the conditions that apply to practical prosthesis, the applicant is required to furnish plaster casts prepared by himself, for a full denture (both upper and lower) made from impressions taken from the same mouth. These to be mounted upon an anatomical articulator capable of registering the condyle paths in each individual case, the bite plates to be in position, and the work continued to the point of readiness for trial in the mouth.

The points or counts considered in grading are as follows:

First. Treatment of the impressions and casts to secure retention.
Second. Selection and general arrangement of the teeth. Occlusion.
Third. Contour for restoration of the features.

Special notice will be taken in the grading, as to the occluding surfaces of bicuspids and molars, whether they are of such form as will grasp, cut and crush food substances effectively; the balancing contacts when lateral and protrusive movements of the mandible are made; and the proportionate size of the teeth selected for the case in hand.

It is obvious that impressions and casts made from dummies or otherwise than from the natural mouth will not fulfill the grade requirements. The board will not give encouragement to half-hearted and perfunctory efforts on the supposition that nearly anything is good enough to pass the applicant.

Good equipment is necessary to attain correct results, hence an up-to-date articulator is an indispensable adjunct in the construction of up-to-date artificial dentures.

Crowns. The applicant will also be required to construct a banded porcelain-faced crown upon the root of an anterior tooth, in the presence of the board.

The grading points are as follows:

First. Preparation of root.
Second. Adaptation of band to root.
Third. Occlusion. Form.
Fourth. Finish.

In the grading, especial notice will be taken of the relation of the band to the gingivae, and to the contour of the lingual surface.

In order to secure something of uniform procedure, it is suggested that the applicant take an impression of his own natural teeth, make plaster casts, cut off a given tooth, adapt and insert the root of an extracted tooth, and complete the case in accordance with the points designated in the grading.

It is further suggested that the applicant supply himself with a goodly number of extracted teeth from which to select a suitable one for his case.

The applicant must furnish all instruments and material for all practical work.
OFFICIAL ALPHABETICAL REGISTER OF LEGAL DENTAL PRACTITIONERS.

A list of all dentists legally licensed to practice in the State of Illinois. In giving address where no state is given it is Illinois. Where only street address is given it is Chicago, Ill.
